## WORK EXPERIENCE

### GRAPHIC DESIGNER

#### DEERWALK DIGITAL LAB | 2022 - 2022

Deerwalk Digital Lab (DDL) was the new and one of the most ambitious units of Sifal School. DDL had three departments, Flipped Classroom, General Design and Application Development. Under these departments I worked on developing all design works and building the school commercial videos and internal school event photography.

### MARRIAGE PHOTOGRAPHER

#### FREELANCE | 2021 - 2022

In my previous role as a freelance photographer, I captured weddings and bartamandha events. I have also taken photos of a lot of college and school activities, including sporting events and parent's day.

### BANNER DESIGNER

#### FREELANCE | 2021 - 2022

Additionally, I have experience working as a freelance designer. During my time there, I created banners for weddings, baby showers, and sports academies. For the sports academy, I have also created numerous certificates.

### WEB DEVELOPER

#### DEERWALK DIGITAL LAB | 2022 - 2023

After getting hired at Deerwalk Digital Lab as a designer in the same place, I worked as a website developer as well. There, I oversaw the college website's front end development.
